The Westford Congregational Church

Is a place to belong.

It's a place with other people like you: people from different backgrounds and perspectives who are simply seeking to walk through life with other people on the journey.

At Westford Congregational Church we really are like a family;

And like any family we work to support each other without judgment and with a caring spirit.

We are interested in you. Come check us out and see where you belong.

We are a community of people with a commitment to seeking God's will for us, witnessing God's will for us, witnessing God's love to others, nurturing spiritual growth and caring for those in need.

We believe that the best way to accomplish our mission is by pursuing the five primary purposes of the church:

COMMUNICATING

God's love through evangelism

CELEBRATING

God's presence through worship

COMMITTING

To God's family through fellowship

CHALLENGING

God's people through discipleship

CARING

For others' needs through ministry and service
